

BETADINE[®] MICROBICIDES

The Brand Trusted Around the World

Multiple Products to Kill Microbes Quickly

Povidone-iodine, the active ingredient in Betadine[®] Microbicides, is active against a broad spectrum of pathogens, in-vitro.

For medical questions on Betadine Microbicides, call Purdue's Medical Services Department at 1-888-726-7535 (8 AM – 5 PM, EST).

Betadine[®] products are for external use only. Do not use in the eyes or if you are allergic to povidone-iodine or any other ingredients in this preparation. Stop use and ask a doctor if irritation, sensitization, or allergic reaction occurs. When using this product, prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions. In preoperative prepping, avoid 'pooling' beneath the patient. Keep out of reach of children. Please read full product label before use.
